Forestry Actions in Lebanon Budget line ENPI/2010/021-837 Agriculture and Rural Development Programme

Call Ref. EuropeAid/135-358/M/ACT/LB Contract Ref. ENPI/2014/344-773

PROJECT OVERVIEW

REFORLEB is a reforestation project aiming at increasing forest cover and restoring forest socioeconomic functions, in the framework of the 40 Million Forest Trees Programme led by the Lebanese Government.

It thrives to design, implement and monitor sustainable reforestation and afforestation activities in the municipalities of Barka, Deir el Ahmar and Ainata (North Lebanon), with and for local communities.

It is funded by the EU-ENPI programme with a budget of 399,168.11 € (80% EU cofinancing) for the period 2014-2018.

ACTIVITIES

WP0: ACTION COORDINATION, MANAGEMENT, MONITORING, EVALUATION

WP4: CAPACITY BUILDING & KNOW-HOW TRANSFER

Training municipalities & stakeholders on participation, project management, marketing, terroir, tourism Training municipalities and stakeholders on reforestation/afforestation, forest management, agroforestry, forest products' valorisation

Networking & exchange of good practices & know-how

WP6: COMMUNICATION, DISSEMINATION, AWARENESS Information, sensibilization, territory promotion, lobbying

ACHIEVEMENTS

REFORLEB contributes to:

R1. Increase the forest cover in each partner municipality.

R2. Initiate income-generating initiatives linked to sustainable forestry.

R3. Build-up a participatory territorial framework for forest and rural development, engaging local stakeholders and adaptable to other regions of Lebanon.

R4. Train municipalities and local stakeholders, including vulnerable groups, to increase their skills, knowledge and capacity to participate actively in forest management and rural development activities.

R5. Make citizens, policy makers and foresters more aware of the environmental and socioeconomic benefits of forests, and of the importance to protect them.
